

CODE OF ETHICS

Uganda
Drilling
Contractors
Association

P.O Box 6438
Kampala, Uganda

As a member of UDCA, we,.....undertake:

1. To show our faith in the worthiness of our vocation by the industrious application of the best principles of the Ground Water Industry as stipulated in the UDCA Code of Practice as agreed upon with the Ministry of Water and Environment (MWE) to the end that we may merit a reputation for quality of service.
2. To maintain our membership of UDCA and strive for close cooperation with all members of this Association.
3. To perform faithfully all duties required of us by law and/or business ethics.
4. To learn new methods as agreed upon with the MWE, to apply them and acquaint our fellow members of them in the interests of improving the industry.
5. To advance and protect the business interests of the industry and its members through UDCA and its collective voice.
6. To work for and maintain a high standard in the construction and maintenance of ground water projects to the end that safety and good performance is assured to the clients and the general public.
7. To foster sound merchandising and fair trade practices with proper regard to the laws and rules governing fair competition.
8. To cooperate with other ground water professionals and trade associations, civic organizations and business groups for mutual benefit.
9. To encourage and foster harmonious relations among fellow contractors and employees in our industry.
10. To realize that we are responsible for the life and health of our customers and general population in regard to clean and safe water supply.
11. To accept dismissal or suspension from UDCA in the event that we are found to be in breach of the above ethical conduct.
12. Formal training for staff inclusive of refresher courses every 3-5 years
